

National Chemistry Olympiad Exam Syracuse Section Qualifying Exam

International Year of
CHEMISTRY
2011

- Practice before AP and Regents exams
- Be recognized by chemists in industry and academia
- Qualify for the National Chemistry Olympiad Exam

The Syracuse Section of the American Chemical Society (ACS) will hold local section exams for the U. S. National Chemistry Olympiad (USNCO) on March 31 and April 1, 2011. The purpose of the local section exam is to encourage and recognize the outstanding chemistry students in Central New York. All high-school chemistry students are eligible to participate in the local exam, and all participants will receive certificates. The local exam will be administered at **East Syracuse-Minoa High School, Le Moyne College and Vernon-Verona-Sherrill High School.**

The top eligible students in the local exam will qualify for the National Exam on April 14, 2011 at Le Moyne.
